

Online Learning: Week 1 and 2 (22/7/21 - 27/7/21)

Teacher: **Ryan Kaczowski**
Room #12
Year #6/7

Hello families,

Welcome to home online learning. The below table will outline a basic overview of what will be expected for students to participate in (and complete) during their daily learning. It is VERY important that students begin their day by completing their 'Check in' activity so that I can confirm their attendance. All of the learning activities will be accessed through their Google Classroom, which they all have used throughout the year so far and will be familiar with its layout and how to use it. Please make sure that students have engaged in the learning tasks each day.

The students should be able to complete the work independently, however they will be able to contact me through the Room 12 communication class section if they need to. You may also help them if you are available. If they have problems logging on, you can contact me or the school directly.

Please feel free to email me with any other questions at ryan.kaczowski693@schools.sa.edu.au.

Ryan
